

What People Are Saying About...

B.E.S.T.

Although [my son] joined the group late, he really enjoyed coming and would look forward to it every week.

Many students in the school wanted to join "this club" because they recognized how much fun the children were having.

The students loved all of the projects and saw value in each and every one of them.
- St. Catharines, 2013

The facilitators were kind, patient and overwhelmingly encouraging to all of the students.

What I observed [from the program] was children connecting with each other; children being taught that they have many strengths to share and children being valued for their unique learning styles.
- St. Catharines, 2013

I saw lots of group participation and group encouragement going on! The program was truly a big "hit"!
